Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Thursday 01 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A fine evening. Local rain and scattered showers late Friday.

This Evening and Tonight:
A fine evening for most, with any cloud largely restricted to the coast and the far east of the region. Cloud building up overnight, with some areas possibly seeing fog or mist in the early morning. Minimum temperature 10 deg C (50 deg F).

Friday:
Start murky then generally brightening up, although lingering clouds possible around coastal areas. A few showers from the late morning. Patchy mostly light rain moving in from the southwest later. Maximum temperature 23 deg C (73 deg F).

Outlook for Saturday to Monday:
Feeling muggy with mix of sunny spells and widespread showers throughout this period, heaviest on Sunday. Risk thunder over the weekend. Longer spells of rain possible Sunday night and Monday.
